The meeting was called to order at 10 a.m.

Atkinson Hill Road

The purpose of the meeting was to view the Class VI portion of Atkinson Hill Road (particularly as it passed through the Pullen property) which was currently being improved by Forester Paul Mulcahey to allow forestry operations on lands in Swanzey and Winchester. The site visit was being conducted in follow up to discussions with property owners and other interested parties at the Selectmen's June 11th meeting.

Selectmen, Dr. Pullen, Lee Dunham Beth Fox, Wayne Young and Paul Mulcahey walked the class VI road as it passed through the Pullen's property to the top of the hill and part way down its south side. Features such as culvert locations, drainage areas and access points to the Pullen's property were noted.

After walking the road, Selectmen authorized (with the concurrence of Dr. Pullen) work to complete the culvert installations marked and stabilization of the road's side slopes resuming. Effort will be made to reduce the depth of the ditches along the road. Concerns, if they arise as work proceeds should be directed to DPW Director Lee Dunham.

Whitcomb Hall

Meeting adjourned at 12:10 p.m.
