

I am very excited to take over the position of Recreation Director. I wanted to take the time to introduce myself. For the last seven years I have been (and currently still am) the Activities Director for Bellows Falls Union High School in Westminster, VT. Prior to that I spent six years coaching a variety of sports to all ages. I accepted the position of Recreation Director as a part time position with the goal to make this a full time position.

While we have a good foundation of youth programs my goal is to expand the recreation department to offer a variety of programs and activities year round to Swanzey residents of all ages.

If you want to introduce yourself please feel free to find me this summer at Richardson Park. I can also be reached at recreation@town.swanzey.nh.us.

Recreation Director Ian Fraunfelder
