### Items Discussed:

- Losing Sara as representative of the town on our committee. Someone should be taking her place. We thanked her for her service to the committee.
  - o Sara will check on which committee members terms are up and notify Jeanne.
- News from Con Comm – Deb is new Chairperson.
- Update on Brown Farm – by Theresa – wetlands mitigation grant necessitates taking all the land and leaving no land for even one house, which is making the owner of the land reluctant to move ahead.
- Update on Carroll's Hill trail map – The Tolmans have the map and have been clearing the view. We will suggest creating a loop.
- Flat Ike Project
  - o Four prints have arrived at GemGraphics thus far.
  - o Why the time lapse? Kids need a reminder.
  - o Perhaps the kids are having problems with getting images off their cameras and emailed.
  - o Deadlines are 16<sup>th</sup>, 23<sup>rd</sup>, and 26<sup>th</sup> – Second session at Mt. Caesar school at 9am is the Monday, the 26<sup>th</sup>. At Cutler, the 23<sup>rd</sup> at 1:30 is second session.
  - o May 16<sup>th</sup> – Wednesday evening – Learning Fair
    - Projects will be there

  - o Launch the town-wide effort with oxen visiting the schools
    - Question for when to do it – either May/June or September
    - Might not print future Ike photos. Could have them sent to OSC email address and we could create a presentation/slide show running in a variety of places.
- April 10<sup>th</sup> – Tuesday in the morning, for a segment on OSC on Channel 8 – up on Honey Hill with oxen.
- Conservancy Workshop – was postponed to March 29<sup>th</sup> – Thursday night at 5:30 at Keene Public Library. From 5:30 to 8pm. Jeanne, Katherine and Bev to attend.

- Earth day – April 21 – do we want to participate? Katherine moved that we spend dollars to move animals to participate. Beverly seconded the motion. All were in

favor. We still need to learn whether or not the sponsors will allow outdoor activity with animals. Deb and Jeanne to explore the possibility.
