

Note: Draft Minutes are subject to review, correction and approval by the Committee. Review and approval of Minutes generally takes place at the next regularly scheduled meeting of the Committee.

Whitcomb Hall Committee
January 12, 2016 Meeting Minutes

Members present: Peter Johnson, Lee Dunham, Gail Wood, Marion Bedard, Ann Bedaw, Judy Bohannon, Jerry Bussiere, Michael Gomarlo, Guest Rick Robidoux, Scott Self

Called to order by Pete at 3:30. Previous minutes approved.

Pete re-introduced Rick of Cheshire Builders to further explain and display diagrams of first floor plans, specifically kitchen and bathroom layouts. Members favored the five toilet arrangement, although that will eliminate the big dressing room area. This allows for an occupancy load of 315.

In the kitchen, open shelves would provide adequate storage rather than cabinets. A large table (one of several) currently on the first floor, might be adapted into a center island with electrical outlets. Mike is searching for an affordable three bay sink. John Traynor's gift of a large range will be utilized and possibly its hood. However, an Ansel system will be needed. A hanging ceiling rack for pots and pans is a possibility.

Rick is working closely with Ethan Pinney regarding the furnace. He hopes to have Pinney's specific heating and plumbing figures for the next meeting. Scott Self offered very helpful input about the furnace and zones needed for both floors. A heat exchange under the stage will be factored in. Steve Giguere will be contacted about electrical needs. Still needed to be addressed is the alarm system; also a second floor egress.

Next meeting: DPW conference room, Tues., Jan.19, 3:30 P.M.

Meeting adjourned: 4:55 P.M.

Submitted by Marion Bedard, secretary
